

Melinda J Crozier

I'm a committed student with a G.P.A of 3.8 and have been accepted into the medical assistant program this year. I am looking to round out my experience as and LSC college student as well as gaining leadership skills while serving the students at LSC.

Nelson Herron

I was S.S.U.P. at Northwest Tech in Bemidji. Also enjoy volunteer work and contributing ideas to better the community as a whole, organizing activities and forming social clubs or other social events.

Randy J. Bender

I believe my most important qualifications are that I am politically savvy and have a strong connection to many members of the student body from various programs. I selflessly strive to promote justice and equality. I am a working student that lives independently and I regularly attend city council meetings. I served on the Duluth Central Site Council which oversees student council and was a member of BPA in 2007 and now representing LSC 2012. In my term I expect to gainfully represent my friends the student body.

Justin Stutsman

As a returning senator I have held the position of senator in the senate as well as campus coordinator. I was part of the senate that won student senate of the year award through MSCSA, as well as the star campus award. I am on an alternative rep. for the region in which LSC is contained in and works with MSCSA. I have sat on many different committees, been through many workshops, and I have been dedicated to helping all the students of LSC.

Ashley Lance Winkler

I currently am serving as the newly elected vice president of the senate, I have alot off goals I want to accomplish in my last semester here at LSC. I have gained so much from being on senate and have so much more I want to give back to the students and the current senators that will be carrying this wonderful senate on next year! Feel free to stop in the senate office and chat with me, or grab me in the hall with any questions-I'm pretty easy to spot!

Brian Sanner

Hello, I am Brian Sanner. This is my second year on Student Senate and it has been an incredibly rich experience. Last year I served as Treasurer for the group that won Senate of the Year out of 43 other schools that belong to the Minnesota State College Student Association. That same team elected me to serve as President of your Student Senate this year. We have assembled an amazing group of dedicated students to represent you and I hope you honor me with your vote so I can continue to provide direction and leadership to enable LSC students' voices ring strong and clear in the pursuit of quality, affordable education. Thank you for allowing me this opportunity.

Beth Johnson

Hello! My name is Beth Johnson and I am your current Public Relations Officer of the Student Senate. I enjoy reading, fishing, Kool-Aid, Michael Jackson, and Mountain Dew. I am involved with the Event Planners Board, Phi Theta Kappa, Business Professionals of America, and sit on a wide range of campus and Senate ad-hoc committees. I am the one who creates the "Husky Tabloid" in the bathrooms, and helps to plan the student Open Forums. My main project this year is trying to find a system for individual class text-alert notifications. I have a strong presence on this campus and am pretty good at answering students' questions. A lot of my ideas come from past experience on other Student Senates. This is my ninth year of college and I am finishing up my fifth college degree. I like school 😊

Brent Tweet

I have been on student senate for the last 2 years and I feel there is so much we still need to get done! I love working with the administration and faculty here at LSC and have a great rapport. I am a good communicator and feel I have not communicated enough with out students, so that is going to be one of my main priorities moving forward. I want to get more student input and involvement on what you want at LSC.

Tara Saukko

I am currently the secretary of the student senate. I would like to continue in this position for my last semester. I plan on continuing serving the student's needs at LSC and to also keep working on the projects that I am involved in such as textbooks, student enrollment, the Husky banquet and the SEF committee. I have been on the senate since the spring of 2011. I am also a member of PTK and president of the respiratory club.
