

	<p><b>Jordan Hill</b>  Well, my name is Jordan Hill and I want to become a student senator because I've been involved with student council ever since I could be. I fell in love with student council in 7th grade and I had to be a part of it ever since. I love it so much, it's such a great feeling to be a part of something bigger than yourself and know that you can actually help make a change. In 10th grade I was actually chosen to go to state for it, which was one of the best experiences of my life. I think that there is always room for improvement and I would love to help improve LSC in any way that I can.</p>
	<p><b>Kyle Vanderflute</b>  I'm running for student senate, because I want to have an active role in adapting the school's policy to be efficient, functional, and cost effective. My main concern is that we provide ample support, financially, and otherwise, to those in need of assistance in attending the college, acquiring a degree. Education is the primary weapon in the fight to end poverty, and it is a right, not a privilege. For the past three years, my job has been to advocate, and directly care for individuals with mental illness, and developmental disabilities. I plan to use the experience I've gained, to advocate for prospective and current students, and to ensure that they are provided with every resource necessary to help them succeed.</p>
	<p><b>Trevor Gersich</b>  I am running for student senate because I have always had a passion for utilizing my natural leadership skills and expressing professional servant-hood to the world. People have said to me that I tend to be a leader of the pack and I would do good running the system. As a senator, I care about creating a peaceful, orderly, and loving system. I will work to make our senate the best and most functional. My promise is to always work for the good and well being of all. My political feats will include sustaining fair prices and maintaining monetary riches in our educational system. I also will make sure there is a balance between fun and work so that the college experience is the most exciting it can be for everyone! As a natural born servant and leader, I have had much experience serving and being an example to all people. At Lake Superior College, I have cleaned the tables in the cafeteria and cleaned the dishes in the kitchen; people loved my work! During my time working at save-a-lot, I spent my time stocking shelves, cleaning glass, recycling cardboard which produced status as an independent worker and a reliable worker, which I believe are vital qualities a leader should have in order to work the system perfectly. I also did good work at Super One bagging groceries, putting away carts, and practically everything. This professional work won the approval of all my co-workers, bosses, and customers. I was known to be the best worker they had. Anyway, I would love to be a senator of LSC.</p>
	<p><b>Jeremy Ahlfield</b>  I want to be available to students and hear what they think about the school. I will listen to students and put my input in about topics on campus. I've been helping at the Fruit of the Vine food shelf at the Vineyard since 2006.</p>

**Brandon Hoel**

My name is Brandon Hoel. I am a student here at LSC (of course), finishing up my A.A. degree this year, hopefully. I am running to be a student senator here at LSC (obviously). I am a devoted Roman Catholic. I love my faith and I love the Catholic Church. My faith teaches me to love and serve others. I want to make a difference in the lives of LSC students and staff. I am in the Army National Guard. I live here in Duluth, MN and have since I was 7 years old. I love to read, learn guitar, video game and debate as some examples of hobbies I enjoy. I am getting married April 14th to quite the gift that God has given me. She is amazing. I hope to be one of your student senators and do what I feel is best for those here at Lake Superior College.

**Zak Radzak**

I am running for student senate because I want to help make a real difference in the lives of current and future students in any way I can, and running for student senate is the best way for me to do that. If I am elected I plan on getting involved with one or more of the committees here on campus, staffing the student senate office whenever I can and listening to the concerns of students and making sure that they are heard.

During high school I was involved in the G.S.A. (Gay Straight Alliance), I manned the booth every year for the day of silence and sold ribbons and explained to people what the day represented. I also participated in a teacher meeting with another member of our G.S.A. and made a presentation to the teachers about the effects of anti-GLBT bullying and gave them suggestions of how to respond to Anti- GLBT bullying in school. I also compiled a list of GLBT resources for teachers to use in case there was Anti-GLBT bullying and a student or staff member needed help.

**Matthew Davis**

Why I'm running for Student Senate because I believe the student body at Lake Superior College should have more of a voice in policy making. I have talked with some of the student body and they are not satisfied. I believe the students feel they don't have a vote or say in the decision the higher ups are deciding for us. I have a vision of ideas where the students vote on policy since we have the technology now for all the students to vote. The direction and way we can have everyone involved is to have a voting system on the Lake Superior Website. I will not make promises, but I will work for the benefit of the people. I'm not looking for just your vote rather I'm looking for you as a student to have a voice. If you believe and look forward to really getting involved and challenging the status Quo your vote for me will not become a benefit for me but a voice for you. 'For Truth is Treason in a Empire of Lies' Thank you

**Katrina Hendrickson**

Hello, my name is Katrina Hendrickson and I am running for student senate. I am running for senate to advocate for the needs and wants of students of all levels and ages. I am finishing up my AA degree and will graduate in May but plan to stick around and enter the PTA program next fall. I am passionate about the mental health of students and am involved with active minds here on campus. I am also passionate about creating fun on campus and keeping tuition down. As a senator I plan to listen to the needs of students and take the time to plan ways to help. As a half time student I have the time to devote to doing a good job as a senator and being involved at a professional level. I served as a student senator at the University of Wisconsin Superior and with my time there I lobbied for low tuition and served on SUFAC, a committee dedicated to fairly distributing funds throughout the campus. I am excited to meet new people and will be happy to listen to your concerns and ideas.

**Erika Mayo**

Hello my name is Erika, I tutor in the learning center and I am involved in the united students group here at LSC. I am running for student senate because I would like to get more involved in what's happening on campus.

**Dylan Fett**

I am running for student senate because I know I have a lot to bring to the table and I want to take up a position where I can make a difference in LSC and fulfill the needs and wants of my fellow students.

As a senator I plan to talk to the students first, they are the reason we are here, to make sure every decision they want is what I am going for. I plan to promote a green college, push issues towards the benefit of the students and move towards a more unified college.

I have a lot of experience serving the needs of my fellow students. I have served all four years of high school as my class' president. I was the lead news editor in my schools newspaper for two years. I have served two years as the historian on my schools student council; one year as the band representative and the other as the newspaper representative. And in my community I have worked on the Lyle Area Cancer Telethon to raise money for cancer research for the last three years.

**Sandra Nagle**

The moment I entered Duluth I fell in love with the community. I love all the trails, canal park and of course the lake! However, I want to get involved in the community more and outreach to the people a bit. I figure what better way then to join the Student Senate at Lake Superior College!! I am not only running to get to know the fine people of Duluth, but also to learn the concerns of my fellow students and rely those messages in a practical way. This year, I will also be participating in Fuse Duluth, which will allow me to experience what is happening in the community outside of LSC. Hopefully, through that experience I will be able to bring helpful insight to the table. I am excited for this year and am looking forward to serving on the Student Senate!

**Shawn McLeod**

My name is Shawn McLeod and I am planning on running for student senate in hopes of fixing some of the smaller problems the university students and users of the facilities face. I feel that I would be a good person for the job as I have been to much larger colleges and seen programs that many people in a college such as Lake Superior have never thought of. These other colleges are the University of Minnesota Twin Cities campus, and University of Minnesota Duluth. At these schools I have actively participated in programs and learned how their intramural and club systems work and optimize membership. I work currently as a nurse assistant which is based entirely on serving those who do not have the ability to take care of themselves. This will transfer well to being a member of the student senate as I will here be pushing to better the delivery of services offered to students who are unsure of how to bring about these changes themselves.

**Jasmin Kaye**

After much deliberation I finally decided to put in an application for student senate. I've never served as a senator or ambassador of any kind, but I have decided that it is high time. I have an interest in helping others, and improving the world. I hope as a senator I will be able to help with the issues that are important to the student body, making this campus even better. I have worked some with Kiwanas, and volunteer where I see a need. I am currently part of Active Minds, and am working for the education of mental health to all people. If you have anything you would like to suggest to me, or anything you would like to see, just walk up and tell me. I love to hear opposing views and new ideas. I try to be quite approachable and I love talking as well as public speaking. If elected, I will listen to your ideas and concerns and work to the future of LSC, a comfortable place where all can learn. I offer no lofty campaign promises like reduced taxes or the end of war in Iraq, but I will do all in my power to serve your needs and desires if elected.

**Michael Effiong**

Parenthood offers security and provision, without it, a child would lack the necessary and basic infrastructures in life.

Have you ever felt alone in the middle of a crowd? You felt there is nobody there to hear you out, Insecurities of life seems to weigh you down and you have nobody to talk to? If you're not in your best form it can hinder your studies and grades the student senate can motivate you.

Do you have any problem with college? Or maybe you feel tuition and supplies is on the high side?

Here is the solution; Lake Superior College has a dedicated student senate which will represent you in a way you wouldn't think of, the senate is committed to the student's interest on and off campus.

Because little things matter am running for student senate because I want to be there for you, I want our tuition to be anticipated, I want our parking lot to be copasetic and impervious, follow students of Lake Superior College, speak, I'm all ears.

**David Martin**

Hi my name is David Martin. I would like to run for student senate because I believe being actively involved in the community is the foundation for a better education and a more fulfilling life. It will be a fantastic opportunity to learn more about LSC and my fellow students. I am excited for the chance to be involved. As a non-traditional student (old man) I have extensive life experience serving others. I am a certified nursing assistant, recently finished 4 years active duty in the U.S. Navy, am a responsible husband and father, and volunteer at the Damiano Center during the weekends. I look forward to serving Lake Superior College. What i would like to do is help start a student volunteer program and promote use of public transportation and ride sharing. Thank you for thee opportunity to run for student senate.

**Emiliano Rodriguez**

My ultimate dream is to be a leader as an Officer in the Navy SEALs to serve and protect our country, but first I want to be a part of the leaders that better our school because anything I belong to I represent with pride. As a student senator I want to make the greatest positive impact toward our school both right now and in the coming years. The best leaders are the ones most dedicated and passionate about what they do. I take pride attending Lake Superior College. Although LSC is a great place with many special characteristics, there is always room for improvement. Some of the best Ideas come from the students themselves and many of the students don't know who to tell or feel that they think they will be juggled on their ideas. I have many of my own thoughts about how this school can become the best it can be, but along my ideas with that I want to collect the thoughts and ideas

	<p>from other students and put them into action.</p> <p><b>Jennifer Mareck</b>  Hi. My name is Jen Mareck. I am 29 years old &amp; I am back at LSC after an 8 year absence. I am getting my AA degree and I hope to transfer one day to UMD. I love to travel (I've been to Ireland, Prague, London and China). My faith is important to me (I'm a Latter Day Saint).  I would make a good Senator because I have good leadership skills. I am dependable and if I say I'm going to do something, I come through on my word. I'm punctual - actually I'm early most of the time.  I hope that you will vote for me as your next senator!</p>
	<p><b>Sarah Castro</b>  Greetings, LSC students. My name is Sarah Beth Castro and I am running for a seat on the student senate. I have attended LSC since 2009. I am working towards an AA degree in liberal arts with plans to major in psychology. Currently I am also on two other student groups, the Active Minds and the United Students. The reason I would like to work on the senate is that my time at LSC has been the most rewarding of my life, and I would like to help others to share in the experience. I do not know many of the issues that might block students from fully enjoying their time at LSC. However if I obtain a senate job, I can find out these issues and help make changes that will positively impact our campus life. Thank you for your time, fellow LSC students, and have a nice day.</p>
	<p><b>Spencer Wooden</b>  Hello. My name is SPENCER WOODEN and I'm running for Student Senate. The reason that I'm running is to make sure that the LSC staff and faculty are doing all they can to best serve the needs and concerns of the students. By being a 2011 graduate, I kind of know some of the things most students go through, and feel there's no one to talk to or even if someone would even listen. Well, I'm a capable, hard working person that's here to listen and fight for you. VOTE SPENCER WOODEN FOR STUDENT SENATE! THANKS FOR YOUR TIME!</p>
